UNITED STATES PATENT OFFICE

DAVID KAHN, OF WOODCLIFF, NEW JERSEY, ASSIGNOR TO DAVID KAHN, INC., OF
NORTH BERGEN, NEW JERSEY, A CORPORATION OF NEW JERSEY

DESIGN FOR A FOUNTAIN PEN

Application filed March 8, 1932. Serial No. 43,128. Term of patent 14 years.

To all whom it may concern:

Be it known that I, DAVID KAHN, a citizen of the United States, residing at Woodcliff, in the county of Hudson and State of New Jersey, have invented a new, original, and ornamental Design for a Fountain Pen, of which the following is a specification, reference being had to the accompanying drawing forming a part thereof, wherein—

Figure 1 is a side elevational view of a fountain pen showing my new design with the cap applied to the pen end;

Fig. 2 is a front elevational view showing the cap removed from the pen end and applied to the barrel end, the pen point being broken away by necessity of disclosure;

Fig. 3 is a side elevational view of a fountain pen with the cap removed;

Fig. 4 is a top view of the cap end; and

Fig. 5 is a top view of the barrel end of the fountain pen.

The essential or dominant feature of my new design consists in the combination of the contour of the fountain pen with the series of longitudinally extending panels provided with small parallelograms contrasting in color with the color of the panels.

I claim:

The ornamental design for a fountain pen substantially as shown and described.

DAVID KAHN.
